

Madison Curling Club Seeking Ice Technician

The Madison Curling Club (MCC) is currently seeking a qualified Head Ice Technician to lead our ice maintenance crew. The MCC, founded in 1921, is a non-profit association with a membership of over 500. Our current club is a six sheet dedicated curling facility built in 1997 and operates between September and April. Leagues operate 7 days a week and host many bonspiels and events throughout the curling season. Although the MCC regularly hosts National events and is home to world-class curlers we are a social organization that provides a very warm atmosphere and is primarily run by volunteers.

The successful candidate will report to the MCC Board of Directors. The ice technician will be responsible for installation and daily maintenance of high quality curling ice, ice maintenance during events, ice resurfacing, stone resurfacing (as needed), proper stone storage, general care and upkeep of mechanical and HVAC equipment, maintenance of ice making equipment, daily maintenance records, ensuring the ice crew is appropriately trained, and other related duties. Candidate should have excellent written and verbal communication skills, have basic computer skills, and should be prepared to help field curlers questions and concerns and provide a positive experience to all visitors.

The ideal candidate preferably holds a level 3 Ice Technician certification or equivalent knowledge, a minimum of five years' experience in curling ice installation and maintenance, or a combination of applicable education and experience. S/he is physically able to lift 60lbs, possesses the stamina and strength to maintain the ice for extended periods within acceptable parameters, and ability to operate ice maintenance equipment.

This position runs from early-September through end of March each curling season. Interested individuals should submit their cover letter and resume by: Jan 6th, 2014.
(Please provide ice making references on a separate document)
