

Madison Curling Club Seeking Ice Technician

The Madison Curling Club (MCC) is currently seeking a qualified Head Ice Technician to lead our ice maintenance crew. The MCC, founded in 1921, is a non-profit association with a membership of approximately 600 curlers. Our six-sheet dedicated ice facility was built in 1997. Leagues operate 6 days a week from late October to early April, with bonspiels and events conducted throughout the curling season. The MCC regularly hosts national events and is home to world-class curlers, while also serving as a social organization that provides a very warm atmosphere that is primarily run by volunteers.

The successful candidate will report to the MCC Board of Directors. The Head Ice Technician will be responsible for installation and daily maintenance of high-quality curling ice, ice maintenance during events, ice resurfacing, stone resurfacing (as needed), proper stone and vinyl storage, general care and upkeep of mechanical and HVAC equipment, maintenance of ice-making equipment, daily maintenance records, ensuring the ice crew is appropriately trained, and other related duties. The candidate should have excellent written and verbal communication skills, have basic computer skills, and should be prepared to field curlers' questions and concerns and provide a positive experience to all club visitors.

The ideal candidate preferably holds a USA Curling Level 3 Ice Technician certification or equivalent knowledge, a minimum of five years experience in curling ice installation and maintenance, or a combination of applicable education and experience. The candidate must be physically able to lift 60 pounds, be able to operate ice maintenance equipment, and possess the stamina and strength to maintain the ice for extended periods within acceptable parameters.

This position runs from September through April each curling season, with occasional maintenance tasks and meetings held during the off season. Interested individuals should submit their cover letter and resume via email or mail. Please provide ice making references on a separate document.
